RECIPE

NEW YORK CHEESECAKE

Crust:

2/3 cup all-purpose flour
3 tablespoons sugar
2 tablespoons chilled butter,
cut into small pieces
1 tablespoon ice water
Cooking spray

Filling:

4 cups fat-free cottage cheese
2 cups sugar
2 (8-ounce) blocks 1/3-less-
fat cream cheese, softened
1/4 cup all-purpose flour
1/2 cup fat-free sour cream
1 tablespoon grate lemon rind
1 tablespoon vanilla extract
1/4 teaspoon salt
5 large eggs

1. Preheat oven to 400 degrees.
2. To prepare crust, lightly spoon
2/3 cup flour into a dry measuring
cup; level with a knife. Place 2/3
cup flour and 3 tablespoons sugar
in a food processor; pulse 2 times
or until combined. Add butter;
pulse 6 times or until mixture
resembles coarse meal. With
processor on, slowly pour ice
water through food chute, pro-
cessing just until blended (do not
allow dough to form a ball). 3.
Firmly press mixture into bottom
of a 9-by-3-inch springform pan

coated with cooking spray. Bake
at 400 degrees for 10 minutes or
until lightly browned; cool on a
wire rack.

4. Reduce oven temperature to
325 degrees.

5. To prepare filling, strain the
cottage cheese through a cheese-
cloth-lined sieve for 10 minutes;
discard liquid. Place cottage
cheese in food processor; process
until smooth. 6. Place 2 cups sugar
and cream cheese in a large bowl;
beat with a mixer at medium
speed until smooth. Lightly spoon
1/4 cup flour into a dry measuring
cup; level with a knife. Add 1/4
cup flour, sour cream, and remain-
ing ingredients to cream cheese
mixture; beat well. Add cottage
cheese, stirring until well blended.
Pour mixture into prepared crust.
7. Bake at 325 degrees for 1 hour
and 30 minutes or until almost set.
Turn oven off. Cool cheesecake in
closed oven 1 hour.

Remove cheesecake from oven;
run a knife around outside edge.
Cool to room temperature. Cover
and chill at least 8 hours. Yield: 16
servings (serving size: 1 wedge).
Note: You can also make the
cheesecake in a 10-by-2 1/2-inch
springform pan. Bake at 300
degrees for 1 hour and 30 minutes

An interview with BigCentric Appliances

BigCentric Appliances, located in Wilmington, DE, is a family-run business and was established in 2012. The business operates in a Costco-type warehouse and enjoys a low overhead cost, and passes its savings to customers. It is a member of a multi-billion dollar appliance coop, which has a large buying power. We also run our eCommerce as well as our traditional retail store business highly efficiently.

Why BigCentric.com Appliances? BIG Savings - How competitive are you? Big box store employees buy from us!

Customer CENTRIC Service - What about the service? We listen to what our customers say and recommend the right products they want. We do not upsell or give them sales pressure. We actually encourage them to take our unbiased information and our price quotes to other stores to COMPARE! Please check our Google reviews.

Convenient Shopping - How can I place an

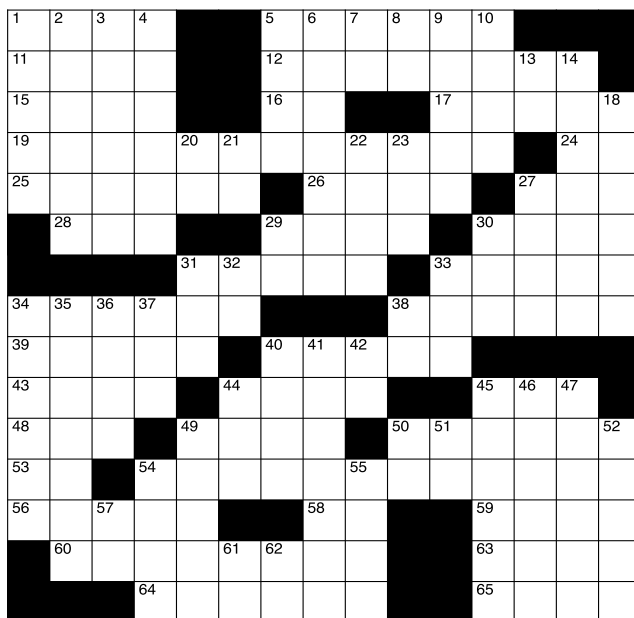

order? You can order in store, by phone/text, or online.

Big coverage area - Do you cover my area? We cover the greater Philly (5 counties), and the entire states of DE/NJ.

Free stuff - Do you offer free deliveries? Local delivery on a qualifying purchase, haul-away, standard install parts, and 30-day storage are all included. 0% interest financing is also available.

Sales come and go and our prices are going up and down along with sales. We, however, always offer **BIGGER** Savings than others, especially on kitchen packages and laundry pairs. Our goal is to get our customers the most pleasant shopping experience while they enjoy bigger savings with us. From customers who are buying appliances for their own homes to those who are selling their houses and to those who are managing rental properties, we help them save time and headaches. We just encourage every appliance shopper to **COMPARE!**
